Brake & Turn — Companion Documents Index

Brake & Turn Compact — Public Reference Series

Practical guides accompanying the Brake & Turn Compact.

Living Checklist

A working audit and reflection tool for organizations or teams implementing the Compact. Use it to score AI systems, energy use, and cultural alignment; update quarterly.

Parallel Path Strategy

Transitional infrastructure plan for civic, financial, and community systems, reducing dependency on centralized AI pipelines.

Underwriting Addendum

Guidelines for ethical financing, insurance, and public procurement aligned with Compact principles.

Procurement Rider

Template language for contracts and RFPs requiring AI vendors to meet the Living Checklist benchmarks.

Feedback Insert

A printable reflection sheet inviting updates, insights, and contributions from implementers and observers.

Full Compact

The founding declaration and principles of the Brake & Turn initiative—serving as its moral and operational charter.
